

# It's time to make the switch

*Make sales, make sense*

## About Skynamo

Skynamo is a field sales app with a local and international customer base serving thousands of daily active users.

We're looking for a software developer who wants to work in an environment committed to collective problem solving and a fundamental belief that good ideas come from anywhere. In addition, we would like to learn from your experience and work together to evolve how we approach software development at Skynamo.

If you are a person who sets out to be learning continuously, looks for those innovative solutions and brings a sense of curiosity to work - this might be just the role for you.

## What you will be doing

- Work in a cross functional team of Product Managers, UI designers, QAs and fellow developers to solve problems for our customers
- Develop, maintain and expand Skynamo's functionality
- Address performance problems at scale
- Find and fix software defects
- Design, implement and test in an Agile environment
- Investigate problem areas and provide innovative recommendations for improvement
- Work with the rest of the R&D team to keep improving how we develop, what we develop and why we do so

## What we need

We are looking for someone with 5+ years of experience who has a BSc, BEng or similar degree with computer science as a primary focus, or equivalent practical experience, and who has:

- Proficiency in modern frontend frameworks, such as JavaScript or Flutter
- A keen eye for intuitive user interfaces
- Experience working in an Agile development process
- Good communications skills

While this is a frontend position, Skynamo also develops mobile solutions. Any experience in the following will not only be beneficial to Skynamo, but also create more growth opportunities within the team:

- Flutter, Java, Kotlin, Swift, Objective-C and modern mobile libraries

### **What you can expect from Skynamo**

- Competitive salary
- 20 days leave in first 2 years and then 25 days thereafter
- Being part of a team that has a measurable and direct impact on Skynamo's success across the globe
- A challenging and fun working environment that prioritizes learning and development as well as action
- Exciting offices that offer in-house barista, daily lunches, and an active social calendar with co-workers
- Pizza Fridays... yup, everyone gets a pizza, every Friday!

### **More about Skynamo**

Established in Stellenbosch, South Africa in 2012, Skynamo is an all-in-one leading field sales CRM and Ordering app for manufacturers and distributors who focus on replenishment sales. It expanded its operations into the UK in 2018 and the US in 2020.

Skynamo is utilized by close to 10,000 users at approximately 1,000 companies across a wide range of industries in Southern Africa, Australasia, the UK, Europe, and the US. Skynamo integrates with a wide range of ERP and accounting software to improve order accuracy and fulfilment.
